Dear Brethren: greetings from your fellow laborers in Christ here in Nags Head North Carolina. It's a blessing to have those who see a need and fulfill it. Your support provides us with a fulltime Minister and a place to worship. We pray God may continue to bless you and your work.

It is hard to believe December is here already. I will be sending out our years end review soon. This review will be compiled of information of our work, church family events, new supporters and church activities.

We now have two individuals who are coming regularly to services and bible classes. Neither of these men are members of the church but are searching for the truth. They both are willing to study and I am setting up bible studies with both of them. Please remember the work here in your prayers as we teach the truth.

We are still having many new visitors come and several phone calls saying, "We are so thankful there is a sound Church of Christ on the Outer Banks".

I hope and pray everything is well with you and your efforts. Please continue to keep us in your budget and prayers.

Again, thank you all for your support. Let us together with God's blessing help the church here preach, teach, learn and live the Gospel of Christ.

In Christian love: The Lord's Church here at Seaside.

Minister: *Kenneth M. Shea* Date 12/07/04
